## Mission™ Custom Dies and Inserts

### Consistent quality and proper fit

National Oilwell Varco™ dies and inserts are accurately machined to exacting tolerances using state-of-the-art CNC machinery. All dies and inserts are then heat treated to specific standards to provide the best wear resistance in even the harshest environments. Consistent quality and proper fit are guaranteed by extensive testing and gauging programs. Various tooth patterns are available for specific applications.

#### Features and benefits

- Most extensive range of dies and inserts in the marketplace today
- Consistent quality, proper fit and improved product life by design
- Shaped steel, precision tooling and fixtures, and CNC equipment
- Several stocking distributors with large inventory for short delivery times
- Valuable experience gained in many decades of die and insert specialization
